A decorative border made of a floral garland with leaves and small flowers, draped around the top and sides of the central text area. The garland hangs down in the center, ending in a tassel-like flourish.

GLOVES

DIRECT FROM
MANUFACTURER

W.W. SMITH & CO
226 LAFAYETTE ST., NEW YORK

Some people want to be well dressed at any cost; others, who are just as anxious to wear the right thing at the right time, must think of cost first and style last.

If you belong to the first class, this catalog was written for you. We are manufacturers; our factory is one of the largest in New York City; we use nothing in our factory but the best imported skins; we employ none but European glove-makers; our gloves are, to all intents and purposes, imported gloves of the best quality. There is but one difference: because they are made in New York City, we do not have to ask you to pay a heavy duty on them.

If you belong to the second class, those who believe that a dollar saved is two made, this catalog will enable you to make good the boast that your friends so often deride—"that you *can* sometimes save a dollar by careful buying."

The gloves listed on the following pages are a few only of our many styles. You cannot duplicate them, even only fairly well made and of domestic skins, for less than 40 to 60 per cent. more.

We know of no one, even a manufacturer, who can equal these prices. Frankly, we have put them so low that we do not ourselves count on making a profit until you have become a regular customer, and either sent us a third or fourth order, or recommended us to three or four friends.

Send us a trial order for any pair of gloves listed here, and if you are one of those who appreciate how much a really fine glove adds to an attractive costume, you will never buy another pair of gloves anywhere else.

More than satisfaction guaranteed, or any remittance, large or small, refunded by return mail absolutely without question or quibbling.

W. W. Smith Company.

*Why not wear gloves especially made to your order,
at prices you can
afford to pay.*

Many of the best dressed women of America will this year have their gloves made to order, of a particular color or shade, or length, or combination of button and embroidery, distinctive and unlike anything to be obtained in your own best home shops.

If you have any such fancy, or are hard to fit, write us and it's ten to one we can supply your wants at the very same low prices quoted in the preceding pages.

Mosquetaire Gloves

of selected leathers, twelve or sixteen button length, cut full in the arm, with three pearl clasps at wrist. Overseam stitch with three rows of stitching on back. Desirable selection, suitable for street or evening wear.

The same glove can also be had in twenty button length. These are cut in one piece, from the finest skins, great care being used in the selection of the strongest and lightest obtainable. Beauty and perfect fit can only be secured in this manner.
